**Attachments:** DRAFT\_Full SFIREG Agenda\_June 2019\_v5.docx

Hi Anthony,

We can talk about this on Monday but Yvette is replacing my name with yours for this session:

**Amending Cooperative Agreements**

*EPA will provide information regarding the opportunities for states and territories to amend current cooperative agreements and commitments given the increase in Dicamba related work and impacts on other programs including EPA expectations of grant recipients.* [Helene Ambrosino, EPA/OECA/OC]

She is having Liza remove the reference to dicamba so that all there is to talk about in the 15 minutes is the general authority for grantees to amend cooperative agreements. It's in the CAG, page 2, last paragraph. It's also in the regulation – 40 CFR 35.114. Whether any grant can be amended should be addressed between the Regional Project Officer and the grantee.

Hope you're comfortable with this Anthony. Let's talk Monday.

*Helene Ambrosino*

Good morning...

I have attached the most current agenda. The highlighted items are still awaiting confirmation from EPA for presenters. Have presenters been identified for those sessions?

I would ideally like to to finalize the agenda two weeks in advance of the meeting which would be Monday, May 20 so it may be posted and distributed to Full SFIREG.

Thank you.

LFT
